To whom it may concern:

The safety of our conference attendees, exhibitors, staff, and volunteers is a top priority for NETA and we will continue to act thoughtfully as we navigate this situation. As of today (March 10, 2020), NETA plans to proceed with our spring conference as scheduled. This is at the recommendation of leadership and following suit of other major events hosted at CHI Health Center Omaha over the next several weeks who are proceeding as planned. NETA Board members and staff have been in frequent contact with the conference hotel, CHI Health Center Omaha, state and local entities. Acknowledging that this is a fluid situation, we will post updates if information changes. If you have any questions or want to get in contact, email Julie, [executivedirector@netasite.org](mailto:executivedirector@netasite.org). You can also check this page for more updates.

Sincerely,

NETA Board of Directors
