

WEBINAR

Distance Learning with SMART Learning Suite Online

Take advantage of two opportunities to learn how to use SMART Learning Suite Online to engage learners from home (for FREE)!

MARCH

24 10:00
AM CT

APRIL

1 1:00
PM CT

SMART Technologies recently announced that free access to SMART Learning Suite Online is available to all schools affected by the coronavirus outbreak.

If your school or district is experiencing or planning a closure for preventative health-related reasons, please [sign-up here](#) for full access to SMART Learning Suite Online at no cost. This will give you and your students access to powerful tools for active distance learning and lesson creation and delivery on any device including Chromebook™ computers.

In this webinar, Allyson Kane will be guiding us through:

- Creating a lesson in SMART Learning Suite Online from scratch, including creating educational games for students to play.
- Taking existing files and uploading them into SMART Learning Suite Online, enabling students to join from home.
- Connecting students to a lesson remotely.

Presented By:

ALLYSON KANE
