

K-12 VIDEO SECURITY

Build Safer Campuses With School Surveillance

With Verkada, instantly strengthen student safety. Verkada's plug-and-play video security solution makes it simple to scale coverage while improving visibility across your entire district.

Why Schools Choose Verkada

All-in-One Management

Manage any number of cameras and sites from a centralized management platform.

Effortless Installation

No NVRs/DVRs or added configurations — just a PoE connection.

Proactive Alerts

Receive notifications of any meaningful activity such as motion or tampering.

Role-Based Access

Control access to sites and integrate with active directory for easy user maintenance.

Remote Monitoring

Access footage anywhere with any computer or mobile device—no downloads required.

Simple Sharing

Quickly share a link to any camera or entire site with first responders.

Incident Resolution

Speed up investigations with powerful filters and motion-based analytics.

Reliable Storage

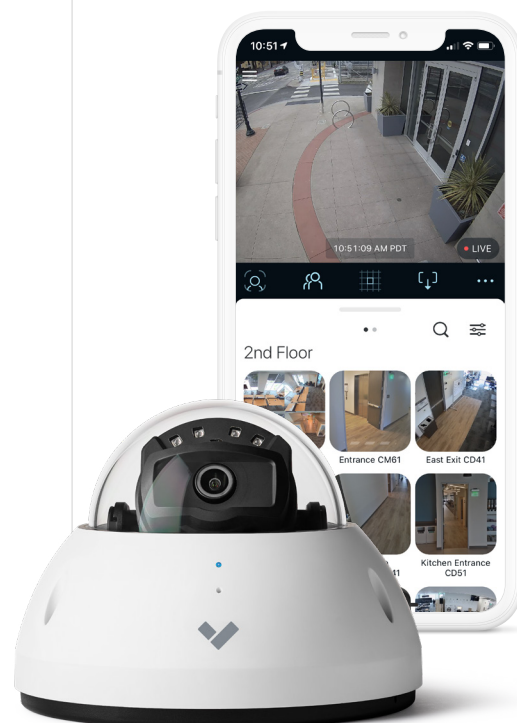

Cameras continuously record—even during an outage—so footage is never missing.

“

What Verkada has provided for my team is the ability to isolate incidents of interest in a matter of seconds.
